

Take a Ride into the Past!

*This program is designed for
school groups*

- *Your students will have an orientation to the Trolley Era with the educator, view images, pass around parts from trolleys and see how the trolley moves by electric power.
- *In the Car Barn students will sit in a trolley for a true immersion experience as they compare and contrast an older and newer trolley.
- *In the Restoration Shop students will view a trolley undergoing restoration and find out what it takes to restore antique trolleys back to “factory fresh!”
- *A visit to the Pennsylvania Trolley Museum always includes a scenic four-mile round trip trolley ride!

**Available
weekdays:
April to August**
